Please note:

For safety reasons, De Jong & Lavino reserves all rights to refuse loading. De Jong & Lavino can't be held responsible for any waiting hours. Plates will be loaded from above with vacuum cranes.

Instructions for drivers:

- On arrival drive your truck on the truck scale and report inside at our logistics office.
- Instructions from our warehouse staff must be strictly followed.
- The driver must be present during loading and must guide the loading. (Wooden beams are available.)
- After loading, the loading area must be cleared as soon as possible.
- The truck loaded with cargo must be driven to the truck scale.
- The documents must be collected at our logistics office.
- Secure the load and leave for your destination.
